Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Wednesday 20 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Heavy rain and gusty winds for some today. Colder tomorrow.

This Evening and Tonight:
Dry initially with clear spells this evening, however cloud will increase from the north as a weakening band of rain moves south introducing colder conditions to the area. Gusty winds for veering northerly and easing overnight. Minimum temperature 2 deg C (36 deg F).

Thursday:
A chilly but bright start on Thursday with mostly sunny skies. Feeling much colder than of late with a keen northwesterly wind, and just a chance of a few showers. Maximum temperature 11 deg C (52 deg F).

Outlook for Friday to Sunday:
Feeling cold with a few showers again on Friday. It will then turn milder as we head throughout the weekend, with rain spreading in by Sunday accompanied by stronger winds.
